

WSH (Safety) Committee Training Course

Synopsis

Under the WSH (Workplace Safety and Health Committees) Regulations 2008 committee members are required to have a basic understanding and knowledge of their responsibilities and duties as safety committee members.

This course provides learners with the skills and knowledge required to perform and discharge their responsibilities as safety committee members, as required by the Workplace Safety and Health Act. Upon completion of this course, learners will contribute effectively to the improvement of safety and health at the workplace.

Objectives:

By the end of the course, participants will be able to:

- Perform and discharge their responsibilities as safety committee members
- Contribute effectively to the improvement of safety and health at the workplace
- Understand and relate the WSH (Workplace Safety and Health Committees) Regulations

Who should attend

Managers, engineers, executives, supervisors and technicians who are required to implement effective risk control measures or monitoring system at the workplace

Trainers

Our trainers are qualified Safety Professionals with many years of experience in WSH and who are accredited by the Ministry of Manpower.
